## What is the philosophy of All Star Sports Instruction?

All Star Sports Instruction was started with one primary goal in mind: To provide camps and programs where children of all ages can learn their desired sport in a fun, safe, and structured environment.

Our instructors believe in passing on the knowledge and skills they have learned from playing and coaching. Our programs are designed to equip each child with the proper attitude, mechanics, and experience to ensure confidence in their future endeavors, with any sport they chose to play. All of our coaches are trained professionals and are dedicated to passing on our philosophy of having fun while helping children develop a love for athletics. Our coaches understand the pressures that children are under in today's society.

We strive to create a comfortable, fun, and safe environment that enables kids to be kids. We want children of all ages and from all walks of life, to know they can succeed in any sport they desire to play. So often you hear, to win is to succeed and to lose is to fail. We want everyone involved in our programs to know that success is not based on the score or team records, but how the children grasp the concept of the game and understand the importance of teamwork and sportsmanship. *Please refer to pages 62-64 for program descriptions and registration information.*

## Flag Football League

**Ages 7-12** **Classes Vary**  
The objective of this program is to provide a fun safe football environment with the emphasis on learning the game of football through positive play and good sportsmanship. This league will be in a format that gives everyone the chance to play every position no matter the level of skill or size! Our coaches make sure that the kids are learning without feeling the pressure of having to win. Mistakes are a part of the game, no one will be punished or sat on the bench for making those mistakes. We will learn from game situations by stopping play and instructing. Our goal is to eliminate the smash mouth aggressive coaching style and replace it with a calm learning instructive approach. **Please note: there will be one practice a week and a game on Saturday. You will only play 1 hour during the allotted time slot. Everyone will receive a team jersey and participation award.**
