

Camp Coyote: Amazing Animal Engineers 2018

Peck Farm Park

Monday	Tuesday	Wednesday	Thursday	Friday
<p><i>What is an architect</i> Building materials Hike around Peck to look at building materials Build a shelter</p>	<p><i>Architecture in Nature</i> Animals that build nests Build a nest</p>	<p><i>Insect Architects</i> Build an ant bridge Learn how to make a spider web</p>	<p><i>Underground animal builders</i> Learn how underground animals build Build a maze</p>	<p><i>Human Architecture</i> How does our building affect nature Design and build a nature friendly building</p>

****Please note that daily activities may vary depending upon weather, availability of materials and equipment and campers' interests****

The emphasis on outdoor camps is 'hands-on' exploration, so be prepared to get a little muddy, dusty and grass stained.

Please remember to bring with you the following items:

1. Wear your camp T-shirt and gym shoes (or other closed toed shoes)
2. Reusable water bottle
3. A nut-free snack
4. Bug spray and sunscreen already applied
