COMMUNICATIONS
Island Park had to be closed yet again this past month due to flooding. Staff will be looking at possible drainage solutions this summer which may help the water recede faster but will not prevent the island from flooding in the future.

Staff received word from Senator Oberweis’ office to continue the process of pursuing “Rebuild Illinois funds” for drainage work at Island Park in the amount of $100,000. The submittal is due by June 24th. Additional grant money is also available. Discussion was had in regards to projects we could pursue. Vice President Frankenthal made a motion to pursue grant funding of up to $600,000 for the Mini Golf Hut Renovation. Commissioner Moffat seconded. All ayes. Motion carried.

The Recreation Staff have been working hard to navigate what summer programming may look like to ensure we are doing all we can to meet our resident’s recreational needs during this unprecedented time.

The Annual Meeting of the Geneva Park District Foundation was held on May 7. Under these unprecedented circumstances as it relates to COVID-19, the Foundation has suspended all operations through December 31, 2020. The Annual Giving Tree Letter will be sent out later this year and the Foundation will reconvene in January 2021 to hopefully plan Wine, Cheese and Trees.

Staff is pursuing the possibility of keeping Autumn Fair on the calendar for the fall on a smaller scale without the fundraising function of the GPDF.
Work on Bri cher, Fourth Street and Library Parks are in progress. We hope to have work substantially complete by June 1st.

We have tentatively scheduled a formal dedication of the trees planted at Peck Farm Ballfields in honor of John Burns the evening of Friday, July 17th. Hopefully, all board members are able to attend.

Enclosed in your packet is a list of operational changes and modifications based on the Governor’s “Stay at Home” order as well as a copy of the phasing plan from the Governor’s website for your review.

**President’s Message 2020**

As I reflect over this past year of Park District operations, it is with great pride that I report many of our accomplishments. It is with mixed feelings (sadness, compassion, especially gratitude and pride) that I reflect on how the year ended. Our staff embraced the challenge of the pandemic with professionalism, innovation and enthusiasm. Their plans and back up plans to move forward safely while offering fun activities to our patrons are incredible.

The year began with our District working together to develop our mission, vision and values. These core values guide the direction and decision making of the board, staff and leadership team. Our seven core values include:

- **Customer Commitment**
  
  We will strive to exceed customers’ expectations by delivering professional, helpful, efficient, and friendly service during all interactions.

- **Responsible Leadership**
  
  We will strive to hire and retain quality employees through the promotion of staff development and continuing education in the pursuit of maintaining professional staff.

- **Fiscal Responsibility**
  
  We will earn the public’s trust by maintaining financial health, stability, and transparency in providing cost effective services that maximize value to the tax payer.

- **Safety**
  
  We will provide a safe environment through exceptional training and constant evaluation of risk management practices.

- **Community Collaboration**
  
  We will work collaboratively with all community partners, both public and private, to share resources and ideas that will build strategic alliances to enhance our community.

- **Innovation**
  
  We will remain steadfast in continuously evolving to meet the needs of the community by providing relevant and innovative programs, events, facilities and parks.

- **Stewardship & Sustainability**
  
  We will minimize our impact on the environment by implementing best practices, and by promoting environmental education leading to a lifelong commitment to conservation.
To highlight some of our accomplishments over the past year...

**As it relates to Customer Commitment:**
Our District improved pool survey results, introduced drop in fitness classes, increased the mobile experience for web access, and hosted numerous public meetings for input on our parks.

**As it relates to Fiscal Responsibility:**
Realized an 11% savings on our utilities after switching over to LED lighting, received the Government Finance Officers Association’s Certificate of Achievement for Excellence in Financial Reporting, and received grant funding of $400,000 for our Peck Farm North Trail Project.

**As it relates to Safety:**
Our staff completed trainings including chainsaw safety, proper pesticide application, prescribed burn, and plowing and ice control.

**As it relates to Community Collaboration:**
Our District continued its successful partnership with the School District to provide after school care, collaborated with the Library on the development of Library Park at the new Library site, and collaborated with the Natural Resource committee and the Garden Club to raise $30,000 to reforest Geneva!

**As it relates to Innovation:**
These past few months we have been challenged to innovate in all areas of our operations due to the pandemic forcing us to redefine and reinvent how we deliver our services to the public.

**As it relates to Stewardship and Sustainability:**
Our District has performed prescribed burns on over 150 acres of Park District property, planted over 200 trees throughout the community, converted all facilities to LED lighting and transitioned to hand dryers in all restroom facilities.

Other important milestones this past year include having renovated playgrounds at Bricher and Fourth Street Parks and having installed a new playground at Library Park. We have also completed work on the Peck Farm North Trail, adding over 2.5 miles of trails and natural attractions for all to enjoy!

Finally, I feel blessed to serve this amazing community. I am honored to work with a very talented staff and committed volunteers and never more than through this most difficult and trying time.

Sincerely,

Susan VanderVeen
Park Board President
