Bre Cullen, Commissioner Peter Cladis, Commissioner

EXECUTIVE STAFF

Sheavoun Lambillotte, Executive Director Carl Gorra, Superintendent of Parks and Properties Christy Powell, Superintendent of Finance and Personnel Nicole Vickers, Superintendent of Recreation

September 10, 2022

To: The Honorable Board of Park Commissioners and Citizens of the Geneva Park District

The Annual Comprehensive Financial Report of the Geneva Park District for the fiscal year ended April 30, 2022 is hereby submitted. State law requires the District to publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement.

The financial activity presented is in conformance with generally accepted accounting principals (GAAP) and has been audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants. It is the responsibility of the District to ensure both the accuracy of the data and the completeness and fairness of the presentation, including notes and disclosures. Based upon strict adherence to state law, internal policies and ethical procedures, this presented information is accurate and presents the financial position and operational results of the District.

The District has internal controls in place to ensure that the District's assets are protected from loss, theft or misuse. The cost of these internal control measures do not outweigh their benefits resulting in financial statements that provide reasonable rather than absolute assurance that they are free from material misstatements.

Generally accepted accounting principals (GAAP) requires a Management Discussion and Analysis (MD&A) that includes a narrative introduction, overview, and analysis to accompany the financial statements. This letter of transmittal is meant to complement the MD&A and should be used in conjunction with it.

THE REPORTING ENTITY AND ITS SERVICES

The Geneva Park District, incorporated in 1953, encompasses approximately 18 square miles of land within Kane County and is approximately 35 miles west of Chicago along the Fox River. The Park District serves a population of approximately 32,000. The Park District is considered to be a primary government and provides a full range of recreational activities, a public open space system, recreational facilities and special events for its residents.

The Park District owns or leases 56 parks covering over 700 acres. Facilities include a community center which provides program rooms, administration offices and one fitness center; a recreation center which provides program rooms, an indoor track, basketball courts and a fitness center; one miniature golf course; one disc golf course, two outdoor aquatic facilities; three outdoor water spray grounds; one nature interpretive center, one nature playground, one community garden, two gymnasiums shared with the school district; 43 playgrounds; 37 ball diamonds; 28 picnic shelters; 20 tennis courts; 20 soccer fields; 15 basketball courts; and 2 football fields. In fiscal year 2021-2022, the Park District provided facilities for approximately 24,835 registered recreation program participants, 110,195 fitness center participants, 18,200 miniature golf rounds and 51,709 pool patrons.

A five member Board of Commissioners elected for staggered six-year terms governs the Park District. Day-to-day administration of the Park District is the responsibility of the Executive Director. The Park District employs 41 full-time staff, 150 part-time staff and 200 seasonal staff during the year.

The Park District participates in the Illinois Municipal Retirement Fund, the Fox Valley Special Recreation Association and the Park District Risk Management Agency. These organizations are separate governmental units because: (1) they are organized entities, (2) have governmental character, and (3) are substantially autonomous. Audited financial statements for these organizations are not included in this report. However, such statements are available upon request from their respective business offices.

ECONOMIC CONDITION AND OUTLOOK

The Park District is located in Kane County. The economic condition and outlook of the Park District continues to be strong even as the District recovers from the global pandemic that began in mid-March of 2020 which forced the District to close facilities and operations for several months. The District is currently in a recovery period.

The District in 2021, continued to have strong new growth in residential and business properties of \$15 million. The District's financial strength continues to be reflected in the strong bond rating of a AA+ from Standard and Poor's and a A1 rating from Moody's Investor's Service.

The Park District expects to expand its residential base west of Randall Road. With the likely construction of additional residential developments to the west, the Park District can expect an ultimate population of 36,000 to 39,000 residents.

The District carries out various initiatives to provide for long-term financial planning. Annually the District adopts a five year Capital Improvement Plan which identifies future capital projects and their associated funding. In addition, the District presents a three year operating budget to improve long term strategic planning. The District also has a fund balance policy which establishes guidelines as to the appropriate amount of Fund Balance to maintain in the District's various funds. The District's fund balance target for the General and Recreation Fund is 20% to 30% of annual budgeted expenditures. At the end of fiscal year 2021-22, the General and Recreation Funds had a fund balance level of 39% and 34% respectively.

In addition, on an annual basis, the District performs a Cost of Service Pricing Analysis in an effort to monitor and achieve cost recovery goals to sustain and grow programs and services that are aligned with community needs into the future.

MAJOR INITIATIVES

In 2022-23, the District has allocated funds for various major capital improvements. Those improvements include: \$350K for pickleball courts (this project may be deferred if grant funding becomes available for this project); \$415K for the remodel of the Sunset Pool bathhouse; \$125K for the Mill Creek Pool concrete replacement and tile work; \$385K for the Garden Club Park renovation; \$200K for the south bridge repair and new deck overlook at Old Mill Park. Funding for playground replacements of \$450K and vehicles/equipment replacement of \$176K.

HIGHLIGHTS

In light of the impact of COVID-19 on the District's finances in 2021-22, the District reduced the allocation of funds to major capital improvements. All projects completed were for routine maintenance. Funding for playground replacements and vehicles/equipment were deferred due to the financial uncertainty caused by the impact of the pandemic.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Geneva Park District for its annual comprehensive financial report for the fiscal year ended April 30, 2021. This was the eleventh year that the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District had to publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for another certificate.

In 2021, the Geneva Park District received reaccreditation from the Illinois Association of Park Districts and Illinois Park and Recreation Association as an Illinois Distinguished Agency for the 4th cycle in a row. This award is given to recreation agencies that provide exceptional Park and Recreation services to their community.

In 2018, the District completed a rigorous risk management review process with the Park District Risk Management Agency. All aspects of the Park District's operations, including personnel, recreation, parks, facilities and general operations were examined for best practices in risk management.

In 2021, the District was awarded a \$100,000 in funds from 'Rebuild Illinois' for drainage work at Island Park to help water recede faster from flooding.

The District is a member of the National Recreation and Park Association (NRPA), the Illinois Association of Park Districts (IAPD), the Illinois Park and Recreation Association (IPRA), the Government Finance Officers Association (GFOA), the Illinois Government Finance Officers Association (IGFOA) and the Fox Valley Special Recreation Association (FVSRA).

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated service of Park District staff. While the audit is prepared at one time during the year, it would not be possible without the consistent attention to the procedures and monitoring of accounts by staff.

In addition, we would also like to express our appreciation to the Board of Commissioners which ensures a sound financial environment in which to conduct the operations of the Park District and to the accounting firm Lauterbach & Amen, LLP who performed the examination in an effective and cooperative manner.

Christy Povell

Respectfully submitted.

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the District's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

September 10, 2022

The Honorable President Members of the Board of Commissioners Geneva Park District, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Geneva Park District, Illinois, as of and for the year ended April 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Geneva Park District, Illinois, as of April 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Geneva Park District, Illinois September 10, 2022 Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Geneva Park District, Illinois September 10, 2022 Page 3

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Geneva Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises of the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

GENEVA PARK DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED APRIL 30, 2022

This discussion and analysis is intended to be an easily readable overview of the Geneva Park District's (the District) financial activities for the year ended April 30, 2022, based on currently known facts, decisions and conditions. This analysis focuses on current year activities and operations and should be read in conjunction with the transmittal letter, which can be found in the introductory section, and the basic financial statements that follow this document.

FINANCIAL HIGHLIGHTS

Total Geneva Park District's net position increased by \$3,499,579, or 8.6 percent.

During the year, government-wide revenues totaled \$12,652,658, while expenses totaled \$9,153,079, resulting in an increase to net position of \$3,499,579.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$11,940,937, an increase of \$1,944,671 in comparison with the prior year. Overall, all nonmajor governmental funds saw an increase in fund balance for the year. The Capital Improvements Fund had an increase in fund balance as projects were scaled back as a result of the financial impact of COVID-19. The General Fund and the Recreation Fund had better than expected surpluses before year-end transfers of unexpended funds to the Capital Improvement Fund.

The General Fund reported an increase this year before transfers to the Capital Improvements Fund of \$1,389,825. At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,730,400 or 53.7 percent of total General Fund expenditures. The Recreation Fund reported an increase this year of \$854,775 before transfers to the Capital Improvements Fund. At the end of the current fiscal year committed fund balance for future recreation programs was \$2,060,944 or 43.0 percent of total Recreation Fund expenditures.

The District's total debt decreased by \$1,850,890 during the current fiscal year, due to various retirements of debt during the year.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements for governmental activities tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the District's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/ deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the District's property tax base and the condition of the District's infrastructure, is needed to assess the overall health of the District.

Government-Wide Financial Statements - Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The functions of the District are principally supported by taxes and intergovernmental revenues (governmental activities) and include general government and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District reports all activities as governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The District maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Recreation Fund, Bond and Interest Fund, and Capital Improvements Fund, which are all considered major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's I.M.R.F. pension obligations and retiree benefits plan, as well as budgetary compliance schedules for the General Fund and Recreation Fund, a major Special Revenue Fund. The combining statements referred to earlier in connection with nonmajor governmental funds is presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the District, assets/deferred outflows exceeded liabilities/deferred inflows by \$44,180,974.

	Net Position		
	4/30/2022	4/30/2021	
Current Assets and Other Assets	\$ 23,237,723	18,761,410	
Capital Assets	36,272,033	37,399,893	
Total Assets	59,509,756	56,161,303	
Deferred Outflows	105,606	352,258	
Total Assets/Deferred Outflows	59,615,362	56,513,561	
Long-Term Debt	2,526,818	4,280,752	
Other Liabilities	2,800,235	2,408,751	
Total Liabilities	5,327,053	6,689,503	
Deferred Inflows	10,107,335	9,142,663	
Total Liabilities/Deferred Inflows	15,434,388	15,832,166	
Net Position			
Net Investment in Capital Assets	32,360,763	31,637,733	
Restricted	1,122,308	989,888	
Unrestricted	10,697,903	8,053,774	
Total Net Position	 44,180,974	40,681,395	

A large portion of the District's net position, \$32,360,763 or 73.3 percent, reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$1,122,308 or 2.5 percent, of the District's net position represents resources that are subject to external restrictions on how they may be used. For example, those whereby the District is acting as a trustee or agent for the benefit of those outside the government, such as, social security, Illinois Municipal Retirement Fund, Liability Insurance, etc. The remaining 24.2 percent, or \$10,697,903, represents unrestricted net position and may be used to meet the government's ongoing obligations to residents and creditors.

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

	Changes in Net Position		
	4/30/2022	4/30/2021	
Revenues			
Program Revenues			
Charges for Services	\$ 3,993,556	1,946,649	
Operating Grants/Contributions	494,320	528,505	
General Revenues			
Real Estate Taxes	7,764,644	7,698,509	
Replacement Taxes	308,857	132,866	
Interest Income	12,670	16,052	
Other Revenues	 78,611	232,809	
Total Revenues	12,652,658	10,555,390	
Expenses			
General Government	2,840,947	2,847,448	
Recreation	6,193,346	5,462,341	
Interest on Long-Term Debt	118,786	165,931	
Total Expenses	9,153,079	8,475,720	
Change in Net Position	3,499,579	2,079,670	
Net Position-Beginning	40,681,395	38,601,725	
Net Position-Ending	44,180,974	40,681,395	

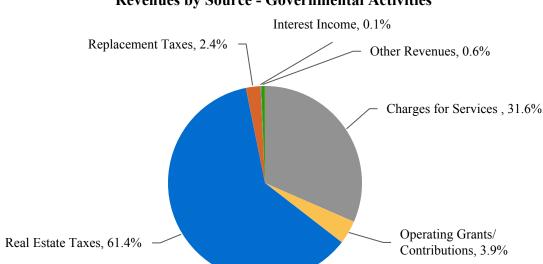

Net position of the District's governmental activities increased by 8.6 percent (\$44,180,974 in 2022 compared to \$40,681,395 in 2021). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$10,697,903 at April 30, 2022.

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities

Revenues for governmental activities totaled \$12,652,658, while the cost of all governmental functions totaled \$9,153,079. This results in an increase of \$3,499,579. In 2021, revenues of \$10,555,390 exceeded expenses of \$8,475,720 resulting in an increase of \$2,079,670. Tax revenues and charges for services for the year increased as these revenue sources were less impacted by COVID-19 than initially anticipated. Furthermore, recreation expenditures also increased due to the relaxation of COVID-19 restrictions.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of real estate taxes, and charges for services to fund governmental activities. It also clearly identifies the less significant sources of revenue the District receives.

Revenues by Source - Governmental Activities

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The District's governmental funds reported combining ending fund balances of \$11,940,937, which is an increase of \$1,944,671, or 19.5 percent from last year's total of \$9,996,266. The increase is attributable to significant increases in charges for services as COVID-19 restrictions eased.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

The General Fund reported an increase in fund balance for the year of \$339,825, or 22.8 percent. The increase was due to a combination of increased revenues and decreased expenditures. The General Fund saw an increase in property tax revenue and corporate replacement tax revenue which were \$69,181 and \$74,192 respectively, over budget. In addition, the General Fund saw a decrease in contractual service expenditures, mainly due to unemployment expenditures, and health insurance expenditures coming under budget \$70,963 and \$54,000, as unemployment expense due to COVID-19 and health insurance premiums were less than anticipated.

The Recreation Fund reported an increase in fund balance for the year of \$554,775, or 36.8 percent. The increase was due to a combination of increased revenues and decreased expenditures. The Recreation Fund saw an increase in property tax revenue, corporate replacement tax revenue and charges for services which were \$43,298, \$63,593, and \$74,502 respectively, over budget. Salaries and benefits expenditures and contractual services expenses were under budget \$209,678 and \$149,174 respectively, due to the less than full recovery due to COVID-19. These variances are further outlined on the General Fund and Recreation Fund Schedule of Revenues, Expenditures and Changes in Fund Balance.

The General Fund and Recreation Fund are the chief operating funds of the District. At April 30, 2022, unassigned fund balance in the General Fund was \$1,730,400, which represents 94.5 percent of the total fund balance of the General Fund while fund balance committed for recreation programs in the Recreation Fund was \$2,060,944, which represents 100.0 percent of the total fund balance of the Recreation Fund.

As a measure of the General Fund's and Recreation Fund's liquidity, it may be useful to compare unassigned or assigned/committed fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 53.7 percent of total General Fund expenditures and committed fund balance in the Recreation Fund represents approximately 43.0 percent of total Recreation Fund expenditures.

The Capital Improvements Fund reported an increase in fund balance for the year of \$948,016. This was due to \$1,350,000 in transfers from the General and Recreation Funds. In the Capital Improvements Fund at April 30, 2022, the amount assigned for undesignated capital projects totaled \$6,991,022, which represents 100.0 percent of the total fund balance. The assigned/undesignated fund balance in the Capital Improvements Fund represents approximately 765.4 percent of total Capital Projects Fund expenditures.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's Board of Commissioners made no budget amendments to the General Fund during the year.

General Fund actual revenues for the year totaled \$4,612,676, compared to budgeted revenues of \$4,458,000, which is \$154,676 higher than the budgeted amount. This is due in part to revenues for property and replacement taxes being \$69,181 and \$74,192 higher than budgeted, respectively. The General Fund actual expenditures for the year were \$283,369 lower than budgeted (\$3,222,851 actual compared to \$3,506,220 budgeted). Expenditures in all areas were under budget, as the District reduced expenditures to reduce the impact caused by COVID-19.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental activities as of April 30, 2022 was \$36,272,033 (net of accumulated depreciation). his investment in capital assets includes land, construction in progress, park and land improvements, buildings and improvements, vehicles, and equipment.

	Capital Assets - Net of Depreciation		
	2022	2021	
Land	\$ 20,550,126	20,550,126	
Construction in Progress	307,171	_	
Park and Land Improvements	2,145,853	2,345,399	
Buildings and Improvements	10,512,326	11,083,005	
Equipment	2,589,934	3,205,033	
Vehicles	166,623	216,330	
Total	36,272,033	37,399,893	

Additional information on the District's capital assets can be found in Note 3 in the Notes to the Financial Statements of this report.

Debt Administration

At year-end, the District had total outstanding debt of \$3,911,270 as compared to \$5,762,160 the previous year, a decrease of 32.1 percent. The following is a comparative statement of outstanding debt:

	Long-Term			
	Debt Outs	Debt Outstanding		
	2022	2021		
General Obligation Park Bonds	\$ 861,270	1,707,160		
Alternate Revenue Bonds	3,050,000	4,055,000		
	_	_		
Totals	3,911,270	5,762,160		

The District maintains a AA+ rating from Standard & Poor's for general obligation debt. State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 2.875 percent of its total equalized assessed valuation. The current debt limit for the District is \$46,671,888.

Additional information on the District's long-term debt can be found in Note 3 in the Notes to the Financial Statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's elected officials considered many factors when setting the fiscal-year 2023 budget. One of those factors is the economy. District is faced with a similar economic environment as many other local municipalities are faced with, including inflation, and recovering from the financial impact of the global health emergency from COVID-19. The budget is prepared in a conservative matter and in agreement with the goals of the District. The budget for the 2022-23 year, excluding the Capital Improvement Fund, increased 9.16 percent as revenues and expense are anticipated to increase to a more normalized level prior to pre-pandemic. Likewise, the Capital Improvement Fund budget for the 2022-23 year increased 30%.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Christy Powell, Superintendent of Finance & Personnel, Geneva Park District, 710 Western Avenue, Geneva, IL 60134.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

does not require the use of current financial resources and, therefore, are not		
reported as expenditures in the governmental funds.		14,239
Changes in Net Position of Governmental Activities	_	3,499,579

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Geneva Park District (District) of Illinois, incorporated in 1953, is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government. The District provides a variety of recreational facilities, programs and services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental or business type. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (administration, park management, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, interest income, etc.).

The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures. Funds are organized into one major category: governmental. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund (Corporate Fund) is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains five special revenue funds. The Recreation Fund, a major fund, is used to account for the operations of the recreation program offered to residents. Financing is provided by a specific annual property tax levy to the extent committed user charges are not sufficient to provide such funding.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The District maintains one debt service fund. The Bond and Interest Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Financing is provided by the annual tax levy.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains one capital projects fund. The Capital Improvements Fund is treated as a major fund and is used to account for the financial resources to be used for the acquisition, construction and repair of major capital facilities.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, the governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Prepaids

Prepaids are valued at cost, which approximates market. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Park and Land Improvements	15 Years
Buildings and Improvements	40 - 50 Years
Equipment	3 - 10 Years
Vehicles	3 - 7 Years

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Notes to the Financial Statements April 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements April 30, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

The Combined Budget and Appropriation Ordinance are prepared in tentative form by the District Executive Director and is made available by the District Secretary for public inspection 20 days prior to final Board action. A public hearing is held on the tentative Combined Budget and Appropriations Ordinance to obtain taxpayer comments.

The Combined Budget and Appropriation Ordinance must be enacted into law prior to the end of the first quarter of the fiscal year.

The Board of Park Commissioners may:

- Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.
- Transfer between items of any fund not exceeding in the aggregate ten percent (10%) of the total amount appropriated in such fund.
- After six months of the fiscal year, by two-thirds vote, transfer any appropriation item it anticipated to be unexpended to any other appropriation item.

Budgets for the General, Special Revenue, Bond and Interest and Capital Improvements Funds are legally adopted on the modified accrual basis of accounting. All budgets are prepared based on the fiscal year of the District. The District does not use the encumbrance method of accounting. Budgetary funds are controlled by an integrated budgetary accounting system in accordance with various legal requirements. Annual appropriations are adopted for all funds.

All annual appropriations lapse at fiscal year-end. There were no supplemental appropriations during the year. Expenditures may not legally exceed appropriations at the fund level.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Notes to the Financial Statements April 30, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Metropolitan Investment Fund (IMET) and the Illinois District Liquid Assets Fund (IPDLAF).

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund (IPDLAF) allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an Investment Company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration of Credit Risk

Deposits. At year-end, the carrying amount of the District's deposits totaled \$7,017,724 and the bank balances totaled \$7,602,473.

Investments. The District has the following investment fair values and maturities:

	Investment		
			Maturities (in Years)
		Fair	Less Than
Investment Type		Value	1
IPDLAF	\$	14,741	14,741
IMET		5,004,703	5,004,703
Municipal Bonds		861,270	861,270
		5 000 514	5,000,714
		5,880,714	5,880,714

Notes to the Financial Statements April 30, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration of Credit Risk - Continued

Investments - Continued. The District has the following recurring fair value measurements as of April 30, 2022:

- IPDLAF of \$14,741 are measured using the net asset value per share determined by the pool
- IMET of \$5,004,703 are measured using the net asset value per share determined by the pool
- Municipal Bonds of \$861,270 are valued using a matrix pricing model (Level 2 inputs)

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy does not address interest rate risk.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investments shall be diversified by limiting investment in securities that have higher credit risk, investing in securities with varying maturities and continuously investing a portion of the portfolio in readily available funds such as local government investment pools, money market funds, or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations. The District's investment in IPDLAF is rated AAAm by Standard & Poor's, IMET Convenience Fund is not rated, and municipal bonds ratings are rated AAAf by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy states the funds exceeding the deposit insurance limits must have collateral provided at 110% of the fair market value. At year-end, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not address custodial credit risk for investments. The District's investment in IPDLAF and IMET are not subject to custodial credit risk.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address concentration of credit risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Notes to the Financial Statements April 30, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Kane County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfers In	Transfers Out	Amount
Capital Improvements Capital Improvements	General Recreation	\$ 1,050,000 300,000
		1,350,000

Transfers are used to move excess expenditures to the Capital Improvement Fund for future capital expenditure spending.

INTERFUND BALANCES

The composition of interfund balances as of the date of this report is as follows:

Receivable Fund	Payable Fund	Amount
Capital Improvements Capital Improvements	General Recreation	\$ 1,050,000 300,000
		1,350,000

Interfund balances result from the time lag between when transactions are recorded in the accounting system and payments between funds are made.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT

General Obligation Bonds/Alternate Revenue Source Bonds

The District issues general obligation bonds and alternate revenue bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Alternate revenue bonds pledge an alternate revenue source but are backed by the full faith and credit of the District.

General Obligation Bonds

General obligation bonds currently outstanding are as follows:

	Fund Debt	Beginning			Ending
Issue	Retired by	Balances	Issuances	Retirements	Balances
General Obligation Limited Tax Park Bonds of 2021 - Due in annual installments of \$845,890 to \$861,270 plus interest at .70% to .80% through December 15, 2022.	Capital Improvements 5	\$ 1,707,160	_	845,890	861,270

Alternate Revenue Source Bonds

Alternate revenue bonds currently outstanding are as follows:

	Fund Debt	Beginning			Ending
Issue	Retired by	Balances	Issuances	Retirements	Balances
General Obligation (Alternate Revenue Source) Refunding Bonds of 2014 - Due in annual installments of \$300,000 to \$1,080,000 plus interest at 2.00% to 3.20% through December 15, 2026.	Recreation	\$ 4,055,000	_	1,005,000	3,050,000

Notes to the Financial Statements April 30, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

	F	Beginning			Ending	Amounts Due within
Type of Debt		Balances	Additions	Deductions	Balances	One Year
Governmental Activities						
Compensated Absences	\$	194,158	36,594	73,188	157,564	31,513
Total OPEB Liability - RBP		214,156	_	53,389	160,767	_
General Obligation Bonds		1,707,160	_	845,890	861,270	861,270
Alternate Revenue Source Bonds		4,055,000	_	1,005,000	3,050,000	810,000
		6,170,474	36,594	1,977,467	4,229,601	1,702,783

For the governmental activities, the compensated absences, the net pension liability/(asset) and the total OPEB liability are generally liquidated by the General Fund and Recreation Fund. Payments on the general obligation bonds and alternate revenue source bonds are made by the Capital Improvements, Recreation, and Bond and Interest Funds.

Debt Service Requirements to Maturity

The annual debt service requirements to maturity, including principal and interest, are as follows:

		Governmental Activities					
		Gene	ral	Alternate 1	Revenue		
Fiscal		Obligation	Bonds	Source 1	Bonds		
Year	I	Principal	Interest	Principal	Interest		
2023	\$	861,270	6,890	810,000	92,590		
2024				790,000	68,290		
2025				660,000	44,590		
2026		_		490,000	24,790		
2027		_		300,000	9,600		
Totals		861,270	6,890	3,050,000	239,860

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of April 30, 2022:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 36,272,033
Less Capital Related Debt:	
General Obligation (ARS) Refunding Bonds of 2014	(3,050,000)
General Obligation Limited Tax Park Bonds of 2021	(861,270)
	_
Net Investment in Capital Assets	 32,360,763

FUND BALANCE CLASSIFICATIONS

In the governmental fund financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the The Honorable President itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Notes to the Financial Statements April 30, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS - Continued

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the General and Recreation Funds should maintain a minimum unrestricted fund balance equal to 20% of annual budgeted operating expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

				Capital		
		Special	Debt Service	Projects	_	
		Revenue	Bond and	Capital		
	General	Recreation	Interest	Improvements	Nonmajor	Totals
E IDI						
Fund Balances						
Nonspendable

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. These risks are provided for through participation in the District Risk Management Agency and private insurance coverage. The District has purchased insurance from private insurance companies; covered risks include medical, dental, life and other. Premiums have been displayed as expenditures in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Park District Risk Management Agency (PDRMA)

Property and Casualty Program

Since 1989, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2022 to January 1, 2023:

Coverage	Member	PDRMA Self- Insured	Limits

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

Property and Casualty Program - Continued

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021. The District's portion of the overall equity of the pool is 0.582% or \$332,498.

Assets	\$ 77,156,496
Deferred Outflows of Resources - Pension	871,829
Liabilities	19,465,811
Deferred Inflows of Resources - Pension	1,466,716
Total Net Position	57,095,798
Operating Revenues	17,390,850
Nonoperating Revenues	2,635,445
Expenditures	19,688,616

Since 96.36% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Health Program

Since 1999, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$300,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

Health Program - Continued

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021.

Assets	\$ 30,099,639
Deferred Outflows of Resources - Pension	373,641
Liabilities	4,502,442
Deferred Inflows of Resources - Pension	628,592
Total Net Position	25,342,246
Operating Revenues	32,172,095
Nonoperating Revenues	58,241
Expenditures	31,205,267

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

CONTINGENT LIABILITIES

Litigation

The District is currently not involved in any lawsuits.

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES - Continued

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

JOINT VENTURE

Special Recreation Association

The District is a member of the Fox Valley Special Recreation Association (FVSRA), an association of seven area park districts that provides recreation programs and other activities for handicapped and impaired individuals. Each member agency shares ratably in FVSRA, and generally provides funding based on its equalized assessed valuation. The District contributed \$260,320 to FVSRA during the current fiscal year.

The District does not have a direct financial interest in FVSRA, and therefore its investment therein is not reported within the financial statements. Upon dissolution of FVSRA, the assets, if any, shall be divided between the members, in accordance with an equitable formula, as determined by a unanimous vote of the FVSRA's Board of Directors. Complete separate financial statements for FVSRA can be obtained from FVSRA's administrative offices at 2121 W. Indian Trail Road, Aurora, IL.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	35
Inactive Plan Members Entitled to but not yet Receiving Benefits	113
Active Plan Members	59
Total	207

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2022, the District's contribution was 8.99% of covered payroll.

Net Pension (Asset). The District's net pension (asset) was measured as of December 31, 2021. The total pension liability used to calculate the net pension (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.25%
Inflation	2.25%

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	28.00%	-0.85%
Domestic Equities	37.00%	2.85%
International Equities	18.00%	3.85%
Real Estate	9.00%	4.05%
Blended	7.00%	0.70% - 4.80%
Cash and Cash Equivalents	1.00%	-1.45%

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Current		
	Decrease	Discount Rate	1% Increase
	(6.25%)	(7.25%)	(8.25%)
Net Pension Liability/(Asset)	\$ (717,504)	(2,370,501)	(3,647,578)

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP offers medical, prescription drug, dental, and vision coverage. Retirees pay the full premium.

Plan Membership. As of September 30, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	2
Inactive Plan Members Entitled to but not yet Receiving Benefits	34
Active Plan Members	36
Total	72

Total OPEB Liability

The District's total OPEB liability was measured as of September 30, 2021, and was determined by an actuarial valuation as of April 30, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the September 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Notes to the Financial Statements April 30, 2022

Total OPEB Liability - Continued

Actuarial Assumptions and Other Inputs - Continued.

Inflation 2.25%

Salary Increases 2.89% to 9.85%

Discount Rate 2.26%

Healthcare Cost Trend Rates 6.00% graded to 4.50% over 15 years for Medical and 7.00%

graded to 4.50% over 17 years for Prescription drug

Retirees' Share of Benefit-Related Costs 100% of projected health insurance premiums for retirees

The discount rate was based on the General Obligation Municipal Bond Rate.

Mortality rates were based on the RP-2014 Healthy Annuitant Mortality Tables projected generationally from 2015 using Scale MP-2017. The underlying tables with the generational projection to the ages of participants as of the measurement date reasonably reflect the mortality experience of the Plan as of the measurement date. These mortality tables were then adjusted to future years using the generational projection to reflect future mortality improvement between the measurement date and those years.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds Bond and Interest - Debt Service Fund Capital Improvements - Capital Projects Fund
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds
 Audit Special Revenue Fund
 Illinois Municipal Retirement Special Revenue Fund
 Social Security Special Revenue Fund
 Special Revenue Fund

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the operations of the recreation program offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such funding.

Audit Fund

The Audit Fund is used to account for revenues derived from a specific annual property tax levy and expenditures of these monies for the annual audit of the District.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for the revenues derived from a specific annual property tax levy for the purpose and employee contributions which are fixed by law and subsequently paid to the state sponsored Illinois Municipal Retirement Fund.

Social Security Fund

The Social Security Fund is used to account for revenues derived from a specific annual property tax levy and employee contributions which are fixed by law and subsequently paid to the United States Treasury Social Security Fund.

Special Recreation Fund

The Special Recreation Fund is used to account for revenue derived from a specific annual property tax levy and subsequently paid to the Fox Valley special Recreation Association, which provides programs to the handicapped and impaired.

INDIVIDUAL FUND DESCRIPTIONS

DEBT SERVICE FUND

Bond and Interest Fund

The Bond and Interest Fund is used account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Financing is provided by the annual tax levy.

CAPITAL PROJECTS FUND

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit.

Capital Improvements Fund

The Capital Improvement Fund is used to account for the financial resources to be used for the acquisition, construction and repair of major capital facilities.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

⁽¹⁾ Assessed value is set by the County Assessor on an annual basis. The assessment level is then adjusted by the State with a County Multiplier based on the factor needed to bring the average prior years' level up to 33-1/3% of market value. All property is reassessed on a repeating triennial cycle.
