PARK DISTRICT

Field Trip Options

Preschool & Kindergarten

All Sorts of Insects: Discover the amazing world of insects through sorting and classifying. Then venture outdoors to collect and release them.

Symphony of Senses: Rely on your senses as you explore the natural environment around you.

1st & 2nd Grade

Beautiful Butterflies: Go on a hike to explore the world of butterflies. Then follow them through their insect life cycle.

Habitat is a Home: Explore small and large habitats through a scavenger hunt in the prairie.

3rd & 4th Grade

Eat or Be Eaten: Uncover how energy flows as students get tangled in the food web.

Insect Adaptations: Hike around Peck Farm Park to discover unique characteristics and adaptations of a variety of insects.

5th Grade & Middle School

Prairie Biodiversity: Students use sampling, observation, and data collection techniques to gather information about plants. By graphing, analyzing, and comparing data, students will determine species richness and biodiversity of different areas of Peck Farm.

Water Quality: Examine local macroinvertebrates and uncover water quality of different bodies of water.

Field Trip Details
